Family Members: Konjet
Abel (son, 20, not pictured)
Britanya (daughter, 18)
Elishaday (daughter, 11)
Bereket (son, 8)

Their Story: Konjet is a single mother raising four children, aged 20, 18, 11, and 8. She works multiple jobs and is still unable to make ends meet. She has very little time with her children and her pace of life is not sustainable.

Goals for the Future: Konjet is an excellent cook and would love to own and operate a small café. The monthly support, community-building, and business training provided by the ABF4K program can surround Konjet with a social network and help her turn her skills into a way to support her family.

Your support of \$50/month for three years will provide financial training, health and hygiene education, parenting classes, and counseling. It will also cover instruction, support and mentoring to establish and run a small business to secure a bright future for this family.
