Maryanne (daughter, 11, not pictured)
Arnold (son, 8)
Andrew (son, 6)

Their Story: Veronica is a 37 year-old mother of three. She spent years in a physically abusive marriage, finally finding the courage to leave after nearly losing her life. She is beginning to rebuild by seeking safety for herself and her children. Currently, she brings in a meager income by washing neighbors' laundry for a small fee.

Goals for the Future: Veronica would like to be a shopkeeper but needs help to increase her business knowledge and confidence. Business training and monthly support provided by the ABF4K program will help Veronica on this pathway out of abuse and into a hopeful future.

Your support of \$50/month for three years will provide financial training, health and hygiene education, parenting classes, and counseling. It will also cover instruction, support and mentoring to establish and run a small business to secure a bright future for this family.
